

Roller container for LIFT workbench

For workbenches LIFT art. no. 1082251 101-106

Execution

- Housing in robust welded sheet steel construction
- Useful height of housing 360 mm (= clear internal dimension)
- 2 fixed castors, 2 swivel castors with locking device, dia. 125 mm, load per castor 200 kg
- Drawers as standard with 100 % full-extension slide, single extension lock
- Drawer internal dimensions W x D 500 x 540 mm
- Drawer load capacity 100 kg
- High-quality aluminium handle strip with labelling strips
- Central locking: DOM interchangeable cylinder
- Lock is master-key-compatible
- Powder-coated surface

Advantage

- Maximum possible load including tare weight 600 kg
- When creating locking systems, the standard locking core can simply be replaced with a locking-system-compatible locking core

Delivery

With practical deposit tray as standard (4-sided anti-roll-off edging) and non-slip mat

Notes

To order customised hard foam inserts, please use the following clear internal dimensions: W x D 490 mm x 530 mm. Specified load values always apply to evenly distributed surface loads. Other colours available on request at extra cost.

Technical Data

| | |
|-----------------------------------|--------------------|
| Product number | 1082252 401 |
| With single pull-out safety brake | Yes |
| Central locking | Yes |
| Lock type | DOM® cylinder lock |
| With sliding handle | Yes |
| Pullout type | Full extension |
| Drawer width (inner dimension) | 500 mm |
| Number of fixed rollers | 2 PCS |
| Drawer depth (inner dimension) | 540 mm |
| Number of steering rollers | 2 PCS |
| Load-carrying capacity per drawer | 100 kg |
| Number of loading surfaces | 1 PCS |
| Number of wheel adjusters | 2 PCS |
| Material of wheel | TPE |
| Wheel diameter | 125 mm |
| Material | Sheet steel |
| Surface | Powder-coated |
| Manufacturer Part Number | 17V |
| EAN Code | 4014641094690 |
| Commodity Code | 94032080 |
