

### Sack truck made of aluminium, completely folding Load-bearing capacity up to 250 kg

#### Execution

- Top-quality aluminium steel-tube construction
- With aluminium toe plate and high-quality plastic parts
- Hubs with roller bearings
- Hand grip made of comfortable non-slip material
- Elastic clamping strip and clamping bar for securing the transported goods
- Toe plate and wheels foldable with one move, retractable grip

#### Advantage

- Ready to use in seconds - the toe plate and wheels are swung out simultaneously with one movement
- Folded together can be accommodated everywhere saving space
