- Impact-resistant and scratch-resistant plastic coating
- Embossed base plates 1.5 mm thick

Delivery

Includes original ABAX® connection

Notes

RasterPlan tool holders with ABAX® connections are an innovative and fully compatible extension of the popular RasterPlan tool holder.

ABAX® connects RasterPlan tool holders to all Kappes products with RasterPlan system perforation in seconds and without the need for tools.

After hooking the holders into the panel, fasten the ABAX® connection and press the locking pin to secure them with a positive fit.

Simply pull out the locking pin (no tools required) to release and reuse the ABAX® connection.

ABAX® for fast and flexible positioning of RasterPlan tool holders.

RasterPlan and ABAX® - a strong connection!
