

CLIP-O-FLEX tray 2.0 with integrated clip-on profile

CLIP-O-FLEX®

Application

Just one click enables you to expand your individual workstation, thereby providing flexibility both horizontally and vertically. Tools and small parts are always within reach - at the machine, at the assembly station, in your tool case or stored neatly in the cabinet.

Execution

- Angle adjustment: 0/45/90°
- Integrated anti-slip surface
- For front side and table top use
- natural/black anodised
