bimos

### **Application**

Comfortable and versatile solution for short periods of sitting

- Extra-large seating surface with a diameter of 400 mm
  Extra-thick and soft comfort padding of 60 mm
- The characteristic colour ring protects the upholstery and creates accents
- Continuously adjustable seat height
- Extra-small plastic cross base
- All materials are of single origin and are recyclable

- Automatically promotes correct sitting posture and upright healthy sitting
  The front edge of the seat prevents possible blood pooling in the thighs
