

All-round stool with glider

bimos

Application

Comfortable and versatile solution for short periods of sitting

Execution

- Extra-large seating surface with a diameter of 400 mm
- Extra-thick and soft comfort padding of 60 mm
- The characteristic colour ring protects the upholstery and creates accents
- Continuously adjustable seat height
- Extra-small plastic cross base
- All materials are of single origin and are recyclable

Advantage

- Automatically promotes correct sitting posture and upright healthy sitting
- The front edge of the seat prevents possible blood pooling in the thighs

Technical Data

Product number	1082472 105
Colour of seating	Black
Adjustable in height	Yes
On castors	No
ESD-capable	No
DIN	68877
Base frame colour	Black
With foot ring	No
Commodity Code	94017100
