

### Cantilever rack MULTISTRONG M IPE 140 Axis diameter 1030 mm

#### Execution

- Shelf for medium weight loads
- For vertical/horizontal storage of long goods, storage of sheet and plate material
- Hot-rolled profiles IPE 140 perforated on both sides for retrofitting from single-sided to double-sided; only the base-plate is replaced
- Cantilevers height-adjustable in increments of 100 mm
- Sturdy top-class branded quality
- Anti-lift device reliably secures the cantilevers against unintentional removal when goods are stored or removed
- Foot level load up to 5 times the carrying capacity of the arms
- Basic shelf planning dimensions: Length = axis diameter + 73 mm, depth = nominal depth + 230 mm
- Foot load = 5 times arm load

#### Advantage

- Perfect security down to the last detail
- ‚Built-in‘ extension options and precisely dimensioned, customised solutions
- Quick access to goods

#### Notes

Foot anchors must be used if the height/depth ratio is greater than or equal to 5:1 or where required by operational conditions.

### Technical Data

Product number	1085562 216
Dimension between axes	1030 mm
Length	1000 mm
Number of arms	4 PCS
Load-carrying capacity per arm	250 kg
One-sided stand load	1650 kg
Material	Sheet steel
Manufacturer Part Number	20075124
EAN Code	4026212120202
Commodity Code	73089098
