

Modular shelving system Module 3/1000

Application

The modular shelving system (MRS) for flexible, custom storage room design. Drawers, shelves, vertical extensions, CNC storage systems and closed wing door cabinets can be optimally integrated in a single product. The system comes in three different heights. The MRS has an infinitely extendable design. Extend your setup at any time. If the system does not fit perfectly, we provide wall connections as custom solutions. Excellent workmanship and material quality ensure the MRS is a long-term investment for your business.

Execution

- 2x support frames
- 1x rear panel
- 2x partition walls
- 1x hinged door installation set 1000/2000
- 2x Uni shelves (500 kg) 56 mm high as cover and base
- 4x shelves (250 kg) 25 mm high as middle shelves

Advantage

- Excellent value for money
- Short delivery times, simple assembly
- Highly flexible, high quality
- Organisation and structure
- Well-thought-out details

Notes

Please note that only 1 support frame is required between the individual modules.
For suitable modules for the modular shelving system, see art. no. 1084490 101-107.

Technical Data

Product number	1084490 109
Manufacturer Part Number	SRK03 7035/7016
Commodity Code	94032080
