

Hazardous materials shelves for small containers Basic racks or add-on racks

Application

For storing flammable liquids. Can be expanded as desired thanks to the design of the basic rack and add-on rack.

Execution

- All shelf parts, tray shelves and grating floors are zinc-plated
- Collection trays in accordance with WHG (German water resources act), test mark in accordance with StawaR (German steel tank guideline)
- Storage levels height adjustable in increments of 25 mm
- Load capacity of each storage level 200 kg with evenly distributed load
- Bay load max. 1200 kg
- Stable construction thanks to reinforcement cross beams

Advantage

- 2 shelf widths (1000 and 1300 mm) can be combined for optimal use of the available storage space

Delivery

Delivered disassembled for easy self-assembly.

Technical Data

Product number	1085614 202
Height	2000 mm
Width	1360 mm
Depth	635 mm
Collection volume	35 l
Number of shelving unit	1 PCS
Number of grating bases	4 PCS
Number of tray bases	1 PCS
Load-carrying capacity per level	200 kg
Declaration of conformity in acc. with StawaR	Yes
Material	Sheet steel
Surface	Zinc plated
Manufacturer Part Number	R71-2113-D
Commodity Code	94032080
