

Crash protection bar

Application

For indoor use. Guard rails separate different transport routes (e.g. forklift and foot traffic). They protect machines, pillars, columns, posts, shelves, (rolling) gates, loading ramps etc.

Execution

- For anchoring to floor slab
- Bent from a single piece
- No welding seams
- Plastic-coated in yellow
- Black signal stripes
- Heavy-duty guard rails made of high-grade steel

Advantage

- Effectively prevents collision damage
- Safeguards inventory, transport routes and work areas
- Prevents hard impacts

Delivery

Fastening material for anchoring is not included in the standard scope of delivery.

Notes

Available for cementing in place on request (at no extra cost).

Technical Data

Product number	1087000 102
Pipe diameter	76 mm
Material thickness	3 mm
Colour	Yellow
Reflective tape	Black
Surface	Powder-coated
Area of application	Indoors
Plate length	160 mm
Plate width	140 mm
Plate height	10 mm
Manufacturer Part Number	195.14.589
EAN Code	4024496128143
Commodity Code	73089098
