

Observation mirror

Application

Ideal for rooms with foot traffic. Proven use in production halls, warehouse areas, self-service markets, sales spaces, public facilities.

Execution

- Observation and inspection mirror for indoor use made of acrylic glass
- Extremely lightweight, no risk of injury
- Extremely impact-resistant
- Excellent optical properties
- Strong wide-angle effect: Recommended for a short observation distance and medium to large observation field
- Can be mounted on straight surfaces (e.g. walls, beams, supports) using the supplied bracket

Advantage

- Prevents accidents
- Prevents theft
- Easy adjustment to any desired observation point

Technical Data

Product number	1085592 102
Manufacturer Part Number	251.18.945
EAN Code	4024496126880
Commodity Code	39269060
