

Floor marking paint Traffic Extra

Application

For professional and economic marking indoors and outdoors. Clean lines for marking parking spaces and traffic routes.

Execution

- Very good coverage for very high usage requirements, e.g. lorry fleet
- With very high pigment content
- Highly abrasion and weather-resistant (abrasion resistance may vary depending on ground conditions and weather conditions)
- New special nozzle for marking with extremely clean lines
- Grüner Punkt certification for trouble-free waste disposal
- No CFCs, lead, cadmium or toluene
- Dry after approx. 20 minutes
- Hardened after approx. 4 hours
- Fit for traffic after approx. 12 hours

Notes

The regulation for working facilities ASR A1.3 requires vehicle boundaries to be clearly marked out on the floor. To ensure this, the chosen colour must be highly visible. Before application, the floor should be cleaned or cleared of dust.
