

Cable bridge, large End piece with groove

Application

Suitable for driving over and protecting cables, hoses or pipes. For roads, construction sites.

Execution

- With protective cover
- High load-bearing capacity owing to special, reinforced solid rubber compound
- Signal effect through yellow cover made of high-quality plastic
- Ribbed, non-slip surface
- Permanent attachment possible with integrated dowel mounts
- With pin/groove system for expansion options
- Recycled solid rubber

Advantage

- Up to 12t load per axle
- Suitable for use with trucks and forklifts
- Also for occasional heavy-duty traffic
- Infinite assembly

Notes

Recommended driving speed: 5 km/h.

Technical Data

Product number	1087070 101
Material	Rubber
Manufacturer Part Number	279.22.899
Commodity Code	40169997
