

### Power chuck HMC With flat face

BIG-DAISHOWA

#### Application

The high-performance power chuck combines high precision with high torque transmission and rigidity. Perfect for use in heavy machining during milling, but also for drilling and fine drilling operations.

#### Execution

- High clamping force thanks to special slotted design and needle bearing.
- High rigidity for heavy machining
- High levels of precision and concentricity 10µm at 4xD projecting length
- Axial length adjustment of 6 mm with stop screw

#### Advantage

- Various possible applications when used with reducing bushes ref. no. 1021497200-300
- Perfect for heavy machining

### Technical Data

Product number	<b>1021497 113</b>
Tool holding device	SK 50
Clamping diameter	32 mm
Projecting length	105 mm
Outer diameter	68 mm
Min./max. clamping depth	60-98 mm
Manufacturer Part Number	804995
Commodity Code	84661038
