

Tear webbing shock absorber Twin-Manyard® edge

Application

Lanyard

Execution

Edge-tested, two-strand elastic lanyard with external shock absorber. Stretch properties reduce the length by approx. 30% and minimise the risk of tripping, catching and dragging behind. Heavy-duty sheathing and elastic core made of special fabric. The fall indicator indicates that the lanyard has been subjected to a fall and must no longer be used. Reliable visual inspection possible before every use. With twist-lock carabiner made of aluminium on harness side and two steel scaffold hooks, 55 mm on anchor side. Tested in accordance with EN 354, EN 355.

Technical Data

Product number	1093009 996
Category	III
EN standard	354 355
Design	Edge tested With fall absorber
Application area of fall protection	Lanyard
Number of carabiners	3 PCS
Material of carabiner	Aluminium Steel
Manufacturer Part Number	1028521
EAN Code	3660681044358
Commodity Code	63079098
