

Soap/disinfectant dispenser SDS, lockable

Application

For individual filling with soaps or disinfectants. Suitable for shower rooms, kitchens and public facilities.

Execution

Lockable SDS soap/disinfectant dispenser with robust stainless steel housing. The rounded design prevents cigarettes or other objects being placed on top. Includes 1000 ml plastic refill bottle.

Notes

Matching stainless steel stand, art. no. 1099420 108 optionally available
