

Hard hat Vertex® Vent Hi-Viz

Application

For working at height and on the ground.

Execution

The new, ventilated, high-visibility Vertex® Hi-Viz helmet with a fluorescent helmet shell, phosphorescent clips and reflective elements is extremely comfortable to wear thanks to its six-point textile strapping and the Centerfit and FLIP&FIT adjustment systems, which ensure that the helmet fits perfectly on the wearer's head. Thanks to the chin strap with adjustable retention force, it is suitable for working both at height and on the ground. It features ventilation openings with sliding flaps. The simple and optimal integration of numerous accessories such as headlamps, visors and hearing protection makes the Vertex® Hi-Viz a modular helmet that meets the requirements of professional users. Tested in accordance with EN 397, EN 12492.
