

Hard hat Vertex®

Application

For working at height and on the ground.

Execution

The new Vertex® helmet is extremely comfortable to wear thanks to its 6-point textile strapping and the Centerfit and Flip&Fit adjustment systems, which ensure that the helmet fits perfectly on the wearer's head. Thanks to the chin strap with adjustable retention force, it is suitable for working both at height and on the ground. The enclosed outer shell provides protection against electrical hazards, molten metal splashes and flames. The simple and optimal integration of numerous accessories such as headlamps, visors and hearing protection makes the Vertex® a modular helmet that meets the requirements of professional users. Tested in accordance with EN 397, EN 12492, EN 50365.
