

Electrician's hard hat Cross®Electric

Execution

Cross®Electric has been designed for maximum comfort and flexibility. The basic configuration includes turn-lock fastener for quick and precise fine adjustment to the wearer's head size and the innovative sweatband made of Wellvitex® Z+ material. For maximum flexibility, the MFA-Tech multi-function adapter provides an interface for connecting MFA-compatible accessories such as face guards, hearing protection and lights. All accessories can also be used with the Cross®-Guard industrial version (art. no. 93009 513-515). Made of thermoplastic special plastic. Very comfortable to wear and secure fit thanks to the ergonomically shaped and height-adjustable suspension harness. For use when working under voltage or near energised parts up to 1000 V AC or 1500 V DC. Protection down to -20°C for use in low temperatures. Tested in accordance with EN 397 and EN 50365.

Notes

Other accessories for combination with MFA-Tech adapter, such as hearing protection, visors and lights, are available on request. On request, your logo can be applied to this item using different methods. We would be happy to provide a tailored quotation. Other colours available on request

Technical Data

Product number	1093009 518
Category	II
EN standard	397 50365
Area of application	Industry Chemical industry Energy provider Electrical engineering
Closure type	Twist lock
Interior equipment helmet	6-point
Manufacturer Part Number	9023102278
Commodity Code	65061010
