

### Hard hat Intex

#### Application

Metalworking and heavy industry, iron and glass smelting, hot areas and other highly demanding applications

#### Execution

- Hard hat made of phenolic synthetic resin fabric
- Straight helmet shell
- 6-point webbed interior strapping
- Chin strap suspension
- Removable natural leather sweatband
- Heat resistance: long exposure up to 150 °C/brief exposure > 1,000 °C
- Good resistance to chemicals
- Tested in accordance with EN 397, additional MM testing against molten metal, cold testing down to -30 °C

### Technical Data

Product number	1002690 259
Category	III
EN standard	397
Area of application	Industry   Energy provider
Interior equipment helmet	6-point
Commodity Code	65061010
