

3M™ Versaflo™ helmet with comfort face seal M-306

Application

For use with 3M™ powered respirators and compressed air respirator systems

Execution

- Versatile safety helmet reliably protects against respiratory hazards and injuries to the head, eyes and face
- Lightweight, compact, well-balanced design
- With a universal face seal
- Individually adjustable straps with ratchet closure and textile band for optimum fit and weight distribution
- The airflow distributor allows the air supply within the head part to be directed as required
- The visor design offers an optically clear view downwards and to the sides
- The polycarbonate coating makes the visor particularly resistant to chemicals and scratches
- In combination with a 3M™ powered respirator, this helmet meets the requirements of class TH3 breathing protection performance
- Tested in accordance with EN 397, EN 166, EN 12941 TH3 in combination with 3M™ Versaflo™ powered respirators TR-802E, TR-602E and TR-302E+

Notes

The helmet can optionally be combined with many 3M™ Peltor™ hearing protection products.
