

Ear plug dispenser HL400™-AM Bilsom® 303 S

Execution

Robust and convenient dispenser for ear plugs in an attractive frame design, either for wall mounting or for free positioning using a non-slip base. Turning the knob once releases an ear plug. All contact surfaces are anti-microbially treated to reduce the microbial load on the rotary knob and catch tray. Filled with 400 pairs of 303-S ear plugs, SNR 33 dB. In accordance with EN 352-2.

Notes

For refill containers or refill pouches, see art. no. 1093009 338 + 355.
