

Breathing mask 3M™ Aura™ 9300+ Series

Execution

3M™ Aura™ 9300+ Series breathing mask. The 3M™ Cool Flow™ valve offers excellent dissipation of exhaled heat and moisture and noticeably reduces exhalation resistance. Positioning aids allow the mask to be hygienically opened, moulded and fitted. The high-performance filter technology offers significantly improved respiratory comfort with reduced volume and weight. A durable and comfortable strap guarantees the best fit. The three-piece design with integrated nose clip adapts to any face shape and offers good compatibility when wearing other PPE such as safety spectacles. Individually hygienically packed
