

3M™ Versaflo™ visor head part with comfort face seal M-206

Application

For use with 3M™ powered respirators and compressed air respirator systems

Execution

- Extremely versatile integrated protection from numerous hazards to the respiratory system, face, ears and head
- Compact, lightweight and well-balanced visor with flame retardant polyester face seal for work with flying sparks and hot particles
- Individually adjustable straps with textile band for optimum fit and weight distribution
- Improved control and comfort thanks to the airflow regulator which allows the airflow within the head part to be controlled
- The visor offers optical clarity and an excellent view downwards and to both sides
- Polycarbonate visor with scratch resistant coating and particular resistance to chemicals and mechanical hazards
- In combination with a 3M™ powered respirator, this head part meets the requirements of classes TH2 and TH3 breathing protection performance
- Tested in accordance with EN 812, EN 166, EN 12941 TH3 in combination with 3M™ Versaflo™ powered respirators TR-802E, TR-602E and TR-302E+

Notes

The head part can optionally be combined with many 3M™ Peltor™ hearing protection products.

Technical Data

Product number	1093010 417
EN standard	166 812
Material	PE - Polyethylene
Manufacturer Part Number	M-206N
Commodity Code	65061010
