

### 3M™ Versaflo™ powered air respirator starter kit TR-315E+

#### Application

Simple starter pack with all components necessary for reliable and versatile breathing protection against dust, fog, metal smoke and other particulate hazards.

#### Execution

- User-friendly powered air respirator TR-302E+ with two selectable airflow levels: 185 l/min and 205 l/min
- The unit has visual and acoustic alarms that signal weak air stream and low battery status as well as the saturation level of the particulate filter
- Intelligent, quick-charging, high-performance lithium-ion battery without memory effect and with practical charge indicator
- Includes a particulate filter and a pre-filter
- Charger
- Adjustable length air hose
- Air stream indicator
- Standard belt and spark barrier
- Without head part
- Meets EN 12941:1998 + A2:2008 in combination with approved head part

#### Notes

Supplied without head part. Suitable head parts are Versaflo™ M-306, see art. no. 1093010 416 or Versaflo™ M-206, see art. no. 1093010 417
