

3M™ Speedglas™ back plate for Adflo™ and Versaflo™ powered air respirators

Application

Allows the user to wear a ventilation system conveniently and comfortably on their back

Execution

- The blower system is held flat against the back and mobility in the workplace is improved
- The back plate can be adjusted in a number of ways to ensure a secure, comfortable fit
- Ergonomic design minimises contact with the back and thus improves air circulation
- Flame retardant and durable
- Suitable for chest size 75-130 cm
- Compatible with Versaflo™ TR-300+, Versaflo™ TR-600 and Adflo™ blower systems

Notes

Suitable for Versaflo™ starter kit TR-300, art. no. 1093010 400, starter kit TR-600, art. no. 1093010 405 and Adflo™ system art. no. 1093009 586.

Technical Data

Product number	1093009 618
Material	Polyamide/polyester
Manufacturer Part Number	BPK-HD
Commodity Code	63079098
