

Lanyard Absorbica®-I Vario

Application

Lanyard

Execution

Simple, adjustable lanyard with an integrated, compact shock absorber. For securing to a horizontal railing rope or on a lifting platform. The VARIO adjustment system can be used to adjust the length of the lanyard between 100 and 150 cm, thus reducing the possible drop height. Durable fabric cover with an opening system protects the shock absorber from abrasion and splashes and allows regular checks of the shock absorber. Suitable for users between 50 kg and 140 kg. Connection element (carabiner) not included. Tested in accordance with EN 355 for use with connection elements, EN 362.

Notes

Connection element (carabiner) not included. For suitable connection elements (carabiners), see art. no. 1093010 224, 1093010 226-227.

Technical Data

Product number	1093010 220
Category	III
EN standard	355 362
Max. load capacity	140 kg
Design	With fall absorber
Application area of fall protection	Lanyard
Manufacturer Part Number	L64IAR 150
EAN Code	3342540103962
Commodity Code	63079098
