

Battery (industrial alkaline)

Execution

- Alkaline-manganese high-performance cells
- State-of-the-art technologies
- Optimum leak protection
- Highest quality standard
- Excellent temperature stability (-20°C to +55°C)
- Without mercury

Energizer

Technical Data

Product number	1039900 303
Manufacturer Part Number	EN 91 LR 6 AA
EAN Code	4024496086504
Commodity Code	85061011
