

### Execution

- Alkaline-manganese high-performance cells
- State-of-the-art technologies
- Optimum leak protection
- Highest quality standard
- Excellent temperature stability (-20 °C to +55 °C)
- Without mercury

**Energizer**

### Technical Data

|                          |                 |
|--------------------------|-----------------|
| Product number           | 1039900 304     |
| Manufacturer Part Number | EN 92 LR 03 AAA |
| EAN Code                 | 7638900361063   |
| Commodity Code           | 85061011        |
