

Engraving device

Application

For clean, hands-free labelling and marking, as well as for engraving of all metals, glass, plastic, stone, wood and leather etc.

Execution

- Electric drive based on the vibrating anchor system, with double insulation and no maintenance
- Very easy-to-handle moulded plastic housing
- Continuous and precise adjustment of the maximum stroke length (impact strength)

Delivery

1 diamond graver, 1 carbide graver, 1 modelling graver for wood, plastic, 1 graver adapter

Technical Data

Product number	1078465 101
Min./max. frequency	50 / 60 Hz
Power supply	230 V
Stroke length	3 mm
Manufacturer Part Number	50431700
EAN Code	4024496111558
Commodity Code	84672985
