

Clamping elements TW for welding tables

Application

For working on welding tables with 28 mm holes.

Execution

- Lever handle with ratchet mechanism
- Regulated, fast and low-vibration clamping
- Precise, individual clamping
- Heat-treated profile and sliding bar for flexible and elastic clamping
- Infinitely adjustable overhang

Technical Data

Product number	1070761 102
Suitable for hole diameter	28 mm
Design of the handle	Folding handle
Type	TW28-30-14H
Manufacturer Part Number	TW28-30-14H
EAN Code	4008158036953
Commodity Code	82057000
