

Precision wire stripping pliers with shaped blades

Application

For form-fit stripping

Execution

- Blade: Special tool steel, oil-hardened
- Pliers body: Aluminium

Advantage

- A second pair of blades holds the remaining insulation firmly in place
- Replaceable shaped blades precisely tailored to the respective conductor cross-section
- With adjustable longitudinal stop for identical stripping lengths during series tasks
- Pliers brought back to original position by compression spring

Technical Data

Product number	1062123 201
VDE certified	No
Manufacturer Part Number	12 21 180
EAN Code	4003773000815
Commodity Code	82032000
