

### Spark plug terminal pliers, long version

**ATORN**

#### Application

For holding and loosening round, conical and angular objects.

#### Execution

- Special tool steel, oil-hardened
- Long, bent by 90°, flat, round jaws
- Finely serrated, with burner hole and special tip shape for diameters of 15-30 mm
- Pulling round materials and handling particularly delicate workpieces

#### Advantage

- The long design prevents the risk of burns from the hot cylinder block
- The optimum position of the pivot point ensures secure and controlled gripping

### Technical Data

Product number	1056773 101
Length	280 mm
Surface	Chrome plated
Design	Curved gripping ring
Material of handle	Polyvinyl chloride
Manufacturer Part Number	51690307
EAN Code	4050293182897
Commodity Code	82032000
