

### Special compressed air oil for compressed air maintenance units and pneumatic tools

#### Application

For mist lubricators and maintenance units in accordance with DIN 51 524-2 with viscosity class VG 32 in accordance with ISO 344.

#### Execution

- Oil contains surface-active substances that provide corrosion protection over a broad temperature range
- With surface-active substances for corrosion protection over a broad temperature range

#### Advantage

- Also absorbs condensate

#### Notes

For maintenance units and pneumatic tools in accordance with DIN 51524-2 with viscosity class VG32 gm, suitable for ISO 3448.

### Technical Data

Product number	1092417 203
Type	32
Manufacturer Part Number	32
Commodity Code	27101983
