

Filter regulator with manual drain valve for condensate draining

Application

For cleaning and adjusting the working air.

Execution

- NBR seals
- Housing made from die-cast zinc
- Container made from polycarbonate
- With pressure gauge
- Manual condensate draining

Advantage

- Filter pressure regulators combine the functions of a filter and a pressure regulator in one space-saving device

Notes

If direct mounting on distributor boxes, compressors and machines is not possible, the device can be attached using the appropriate bracket mount.

Technical Data

| | |
|----------------------------------|--------------------|
| Product number | 1092422 202 |
| Connection thread | G 3/8 inch |
| Filtration grade | 5 µm |
| Min./max. pressure control range | 0.5-10 bar |
| Container volume, filter | 28 cm ³ |
| Width x height | 54 x 226 mm |
| Manufacturer Part Number | FU 812-10 |
| Commodity Code | 84811005 |
