

IVR-L 40/12-1 industrial vacuum

particularly well suited to vacuuming liquids and/or chips in the metal processing industry.

KÄRCHER

Application

For vacuuming and separating small amounts of liquid and solids such as coolant, lubrication emulsion, water or oil with metal chips

Execution

- Compact design and robust material for optimal manoeuvring characteristics, maximum operational flexibility and long durability
- with integrated automatic mechanical fill level cut-off; protects against overfilling
- with visual fill level indicator on the drain hose

Advantage

- 360° rotating hose connection on the suction head enables convenient vacuuming at any angle without the hose getting tangled
- The floating ball in the machine head interrupts the suction flow as soon as the maximum fill level is reached.

Delivery

incl. plug-in elbow

Notes

DN40 accessories with adapter art. no.: 1092230 103

Technical Data

Product number	1092230 001
Power input	1200 W
Max. air delivery volume	59 l/s
Underpressure	230 mbar
Bin capacity	40 l
Cable length	6 m
Inner hose diameter	50 mm
Length x width x height	710 x 510 x 1180 mm
Weight	33 kg
Manufacturer Part Number	IVR-L 40/12-1
EAN Code	4054278029689
Commodity Code	85081900
