

Arbor presses

Application

For pressing in/out bushings, arbours, bearings, bolts, pins etc.

Execution

- Consisting of a rigid grey cast-iron T-profile
- The press ram is toothed and is controlled via a pinion using a hand lever
- Rotating slotted disc (removable) with four recesses, for bolts of different diameters
- Colour: Textured paint in green, similar to RAL 6011

Notes

Arbour presses with base frame available on request.

Technical Data

Product number	1072005 203
Throat depth to centre of spindle	220 mm
Pusher rod diameter	58 mm
Compressive force	15 kN
Weight	90 kg
Manufacturer Part Number	DP1500
EAN Code	4024496107001
Commodity Code	84621190
