

### Universal knuckle joint presses with reversible bearing bolts

#### Execution

- 360° adjustable hand lever
- Stable cast-iron body with very precise prism guide with no play at the press ram
- The crimping head is quick and easy to position using a hand crank
- Gripping is achieved by means of several hexagonal bolts through the complete press body
- Large table clamping surface with T-slots
- With reversible bearing bolts on the knuckle joint to increase the compressive force

#### Notes

Knuckle joint presses with higher pressure performance and pneumatic drive deliverable on request.

### Technical Data

Product number	1072030 203
Manufacturer Part Number	A 3001.001
EAN Code	4024496107032
Commodity Code	84625900
