

Lever presses with air support and defined start

Execution

- The operator uses the hand lever to extend the press slide over a knee joint
- In this position, the operator can implement a 5.9 mm long pneumatic power stroke by pressing a button or by turning the hand lever slightly
- The operating pressure is 2 to 7 bar
- The pneumatic connection line measures 1/4 inch

Technical Data

Product number	1072031 101
Manufacturer Part Number	31766
Commodity Code	84625900
