

Universal bender for round and flat material

Application

Universal bender for bending flat or square material to form angular, rounded or spiralling bends.
Cold bending up to an angle of 180°.

Execution

- Extending handle for greater leverage
- Screw-on stand for a secure hold
- Removable bending unit, with optional gripping plate, can also be used on vice
- Quality: Made in Europe

Advantage

- Adjustable bending angle for high repeat accuracy
- With additional option UB 11, bending in spirals also possible
- Easy to transport, and ideal for workshops, assembly tasks and use in service trolleys

Delivery

2 bending rollers each:

- for bending radius 24 mm
- for bending radius 30 mm
- for bending radius 37 mm
- for bending radius 43 mm
- for bending radius 49 mm
- for bending radius 62 mm
- for bending radius 75 mm

Technical Data

Product number	1072121 101
Length x width x height	325 x 1100 x 1010 mm
Weight	32 kg
Manufacturer Part Number	3776010
Commodity Code	84622290
