

### Pipe bender

#### Application

For cold bending of thin-walled tubes made of brass, copper, steel and other materials.  
For bending into simple and complex shapes.

#### Execution

- Extending handle for greater leverage
- Screw-on stand for a secure hold
- Removable bending unit, with optional gripping plate, can also be used on vice
- Quality: Made in Europe

#### Advantage

- Simple cold bending of thin-walled tubes even without supporting elements
- Easy to transport, and ideal for workshops, assembly tasks and use in service trolleys

#### Delivery

6 of each bend segment:

- dia. 14 mm, bending radius 56 mm
- dia. 16 mm, bending radius 64 mm
- dia. 18 mm, bending radius 72 mm
- dia. 20 mm, bending radius 80 mm
- dia. 22 mm, bending radius 88 mm
- dia. 25 mm, bending radius 100 mm

#### Notes

Other bend segments available on request.

### Technical Data

Product number	1072121 102
Length x width x height	240 x 240 x 960 mm
Weight	32 kg
Manufacturer Part Number	3776030
Commodity Code	84622290
