

### Gauge slide for electronic length measuring probes FMS Straight and offset measuring faces

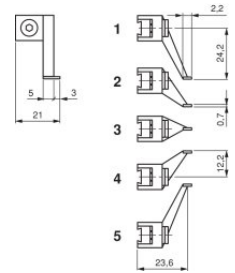

#### Application

For applications in multi-point measuring technology. Particularly suitable for measuring tasks in which features are close together. The probes are mounted directly on the electronic length measuring probe FMS.

#### Advantage

- Gauge slide can be moved and individually adapted to measuring tasks
- Fastening screw for fixing the gauge slides accessible from above

### Technical Data

Product number	<b>1001331 689</b>
Gauge slide type	VBO
Scanning offset to centre axis	0 mm
Scanning offset	Straight
Probe surface width	0.7 mm
Probe surface height	2.2 mm
Manufacturer Part Number	02630049
EAN Code	7630041111965
Commodity Code	90319000
