

Clamp thermometer with smart phone operation

Execution

Combined with a smartphone or tablet, the testo 115i clamp thermometer is the ideal temperature measuring instrument for servicing and troubleshooting tasks on cooling, air-conditioning and heating systems, as well as for installation. The product also facilitates the measurement of flow and return temperatures.

Technical Data

Product number	1033969 301
Manufacturer Part Number	0560 2115 02
EAN Code	4029547022487
Commodity Code	90251900
