

### Screw tap, HSSE M ISO 2X (6HX) 0° 371 B

For specialised use in stainless steels

**ATORN**

#### Application

For producing metric threads on CNC or conventional machines in **through holes**, in stainless steel and Steel

#### Advantage

- Ideal for long service life requirements for steel and stainless steel
- Innovative cutting geometry ensures high process reliability in stainless steel

### Technical Data

|                                |                    |
|--------------------------------|--------------------|
| Product number                 | <b>1014327 105</b> |
| Thread type x nominal diameter | M5                 |
| Pitch                          | 0.8 mm             |
| Core hole diameter             | 4.20 mm            |
| Length                         | 70.00 mm           |
| Shank diameter                 | 6.00 mm            |
| Shank square                   | 4.90 mm            |
| DIN                            | 371                |
| Manufacturer Part Number       | 10487277           |
| EAN Code                       | 4050293651393      |
| Commodity Code                 | 82074010           |
