

Cutting and drilling oil WD-40 Specialist®

Execution

- WD-40 Specialist® drilling and cutting oil is made from a mixture of high-quality ingredients that are extremely pressure-resistant
- It was developed to reduce wear on the workpiece and tool during machining processes, as well as to reduce friction and heat development on the metal parts
- WD-40 Specialist® drilling and cutting oil extends the life of cutting tools and drills
- Smart Straw™ spray system for full-surface and single-point spraying
- Foams when sprayed for ideal adhesion to the tool

Technical Data

Product number	1019382 101
Container	Can for pistol
Manufacturer Part Number	49109/25NBA
EAN Code	5032227491090
Commodity Code	34031980
