

### Track oil

#### Application

De-emulsifying special oil for tracks and guides. Also suitable for use as hydraulic oil in accordance with DIN 51524/2 and gear oil.

#### Execution

- Product adapted to HHW cooling lubricants so cannot be mixed with emulsion (de-emulsifying)
- No sticky residue forms on guideways and the service life of the emulsion is considerably extended

#### Notes

No release agents present.

### Technical Data

Product number	1019302 102
Container	Canister
Viscosity grade	ISO VG 220
Density	0.891
Flashing point	240 °C
Manufacturer Part Number	1019302102
EAN Code	4024496054565
Commodity Code	34031980
