

Track oil

Application

De-emulsifying special oil for tracks and guides. Also suitable for use as hydraulic oil in accordance with DIN 51524/2 and gear oil.

Execution

- Product adapted to HHW cooling lubricants so cannot be mixed with emulsion (de-emulsifying)
- No sticky residue forms on guideways and the service life of the emulsion is considerably extended

Notes

No release agents present.

Technical Data

Product number	1019302 101
Container	Canister
Viscosity grade	ISO VG 68
Density	0.876
Flashing point	230 °C
Manufacturer Part Number	1019302101
EAN Code	4024496054558
Commodity Code	34031980
